

Grace Bible Church of Boise is a 150–200-person church located in beautiful southwest Idaho, serving our community since 1991.

Our church body is comprised of committed believers who engage in deep fellowship and love, effectively ministering to one another. We are a missions focused church where the leadership and body support Christ-centered gospel outreach locally and globally. We have a loving, grace-filled, and generous body comprised of a strong core of long-time members alongside newer members due to the rapid growth of the surrounding area. We are an elder led church that believes God's word is central for equipping his body through counseling, teaching, and discipling.

For the past 15 years, we have been under the leadership of our senior pastor, Joe Cacioppo. Joe's main ministry focus has been the faithful proclamation of the gospel through expository preaching, teaching of the Word and prayer. His role has primarily been as a shepherd overseeing the spiritual needs of the flock. He will continue to serve the body as Pastor Emeritus serving our Empty Nesters/senior population. We are prayerfully seeking our next Senior Pastor who has a similar approach to ministry. Ideally, our next candidate will lead with a shepherd's heart and will have a deep conviction to teaching the whole counsel of God and who understands that gospel change happens through faithful ministry. As a church body, we are looking forward to our next pastor, who will continue to build on our solid foundation while leading us into the future.

We believe that this pastoral position is a wonderful opportunity for the right man because we have mature, committed, and devoted members. We faithfully support our missionaries, we are financially solvent, and have a healthy church body life.

We are seeking a man who exhibits a vibrant walk with Jesus Christ demonstrated by faith, passion, grace and maturity, who also meets the biblical qualifications of an elder as outlined in Titus 1 and 1 Timothy 3. He will also have and MDiv or equivalent education in biblical studies with at least 5 years of pastoral ministry experience. Please read our statement of faith that is located on our website at <https://gbcboise.org/About/Statement-of-Faith>. Our purpose and vision are listed here: <https://gbcboise.org/About/Purpose>.

If after reading about Grace Bible Church of Boise as well as our history and ministry focus, you find that you align with our statement of faith, purpose and vision documents, we ask that you prayerfully consider submitting your resume for our open Senior Pastor position.
